

How to Set Your BlackBerry Voice Mail Password

Here are step by step instructions and some pictures to help you find the place to put your voicemail password:

- 1) Click on the Phone button like you are about to make a call.
- 2) Click on the BlackBerry button (just to the right of the Phone button) to bring up the menu and then select Options :

3) Select Voice Mail

4) Enter your complete password in the password field (exactly how you would have to type it in).
